Advancing Health Equity and Accessibility in French

Resource submission form

*Required fields

Your name*:

Organization*:

E-mail*:

Resource title*:

Author(s)*:

Year of publication*:

Type of resource*:   Tool   Training   Practice

Target audience(s) for use of the resource*:

Health authorities (e.g. ministries, local/regional authority)

Francophone and/or Acadian communities

Health/social services managers

Secondary education institutions

Post-secondary training institutions

Patients/clients/residents

Health/social services professionals

Other:

Theme(s)*:

Knowledge of the needs of Francophone and Acadian communities

Planning services in French

Active offer

Clinical research

Health/social services workforce

Governance and leadership

Quality assurance

Quality improvement assessment

Other:

Target region(s)/Local specificity*:

Is the resource national in scope?   Yes   No

If no, does the resource apply only to a specific region (province or territory)? If yes, please specify the region:

Alberta	Ontario
British Columbia	Quebec
Prince Edward Island	Saskatchewan
Manitoba	Newfoundland and Labrador
New Brunswick	Northwest Territories
Nova Scotia	Yukon
Nunavut	

Description*:

(Please briefly state the objective (e.g., what is the need?), key components and anticipated benefits of the resource - maximum 250 words)

Innovation/transformation*:

Please select the most representative category for the resource:

Innovation: is the resource innovative (e.g. introduction of a new tool in a sector)?

Transformation: Does the resource clearly improve on existing processes or initiatives, but has been modified to offer added value aimed at meeting a need? (Ex. Significant adaptation of a tool to a different context, enhancement of a resource by adding complementary content).

Note: Implementation (process) or evaluation reports are not resources sought on this platform.

Person/user-centred care:

Note: In this context, "user" refers to the primary audience or client of the tool, training, or practice.

1. Were users involved in the design, planning, development, implementation and/or evaluation of the resource?   Yes   No

    If yes, please indicate the phases and type of involvement by type of user:

Type of user	Phases	Level of involment
Health authorities (e.g. ministries, local/regional authority)	Design Planning Development Implementation Evaluation	Inform Visit Participate Collaborate Enable
Francophone and/or Acadian communities	Design Planning Development Implementation Evaluation	Inform Visit Participate Collaborate Enable
Health/social services managers	Design Planning Development Implementation Evaluation	Inform Visit Participate Collaborate Enable
